

San Francisco

A VINEYARD OASIS

Reconnect with the quiet side of Napa in your very own private cottage at the **ORCHARD**, a new PlumpJack community in the heart of the Carneros Inn 27-acre property. Fractional ownership of the cottages includes exclusive access to the resort's amenities. 888-400-9831 or theorchardatcarneros.com

After a long day of wine tasting, watch the sun bathe the grapes as it turns east from your cottage home at the Orchard.

If you have the time, you can venture over to Napa Valley in about 30 minutes by car. Wine aficionados from near and far who seek a slice of the good life also come to Napa for the ultimate wine country experience. Like neighboring Sonoma, the region has dozens of wineries and spas, as well as quintessential activities like hot-air ballooning above rolling hills and miles of vineyards and winemaking tours at such world-class wineries as Sterling and Robert Mondavi. Visitors who frequent the area (or dream of returning again and again) will want to check out the newest residential addition to the Carneros Inn, the Orchard. Located in the heart of the estate, the private-residence community offers a unique approach to resort living—the opportunity to own a wine country retreat in close proximity to San Francisco. Surrounded by an earthy farmland environment, each two-bedroom cottage is fully furnished and features stainless steel appliances, cherry wood floors, wood-burning fireplaces, and an outdoor spa tub and shower stall. Residents have exclusive access to the resort's facilities, including the award-winning spa and the infinity pool overlooking the valley.
