WE'RE INN

Napa Valley may have a "Hamptons for the West Coast" rep, but the new **Carneros Inn** aims to change that. Ditch the pretension but keep the luxury at this 96-cottage property, the first-ever resort in Carneros. With breathtaking vineyard views, poolside lounge-ability and superb spa facilities (not to mention gourmet fare from Jardinière alum Philip Wang), it's Wine Country at its best. www.thecarnerosinn.com.
